MACHINERY PLANTS SPEED PRODUCTION

MOSCOW PLANTS MAKE AGRICULTURAL EQUIPMENT, REFRIGERATORS -- Moskovskiv Bol'shevik.
No 155, 3 Jul 49

Enterprises of Moscow and Moscow Oblast are producing a large number of agricultural machines for MTSS and kolkhozes for the coming harvest. The "Kalibr" Plant in Moscow has manufactured the first 100 reapers and will produce 1,500 more. Machinery and Repair Plant No 2 has begun production of horse-drawn rakes. The Lyubertsky Agricultural Machine-Building Plant imeni Ukhomskiy is shipping 100 mowing machines and 300 reapers to MTSS and kolkhozes in the Moscow area.

Enterprises of the "Obtsel'mash" (Oblast Agricultural Machinery) Trust of the Administration of Local Industry have produced the first 100 improved MS-600 threshing machines. Plants of the city of Tushino have manufactured 100 tractor-drawn drainage plows. The Zaraysk Mechanized Plant (mekhanicheskii zavod) has produced the first batch of electric motors for threshing machines.

Agriculture in the Moscow area will receive various machines worth 20 million rubles in all.

Leningradskaya Pravda, No 157, 6 Jul 49

The "Molmashstroy" (Dairy-Machine-Building) Plant in Moscow has manufactured the first batch of dismountable refrigerators for fish-smoking plants, meat combines, and dairies. The refrigerator consists of a metal frame in which the refrigeration equipment is mounted, and is shipped dismantled. It is easily assembled. The sides and covering, consisting of insulating material, can be manufactured from local raw materials. The cooling section of the refrigerator has a total area of 126 square meters and can hold 100 tons. The first refrigerators of this type have been sent to Ashkhabad, Kherson, Nikolayev, and Sumy.

PRODUCES NEW MILL MACHINERY -- Vechernyaya Moskva, No 155, 1 Jul 49

The Second Mill and Grain Elevator Machine-Building Plant has completed its Five-Year Plan. The plant is now producing such new machines as a small-size machine for cleaning grain and groats and a machine for ventilating grain. One hundred of the former have already been produced.

YEREVAN PLANT MAKES SPARE PARTS -- Kommunist, No 155, 3 Jul 49

The Yerevan Repair Plant of Ministry of Agriculture Armenian SSR manufactures more than 20 different spare parts for tractors and combines, including pulleys, gears, hubs, pins, sprocket wheels, etc. It also does major repair of combine and automobile motors, produces machines for circular saws used throughout the USSR, and puts out automatic mobile shops for MTZs.

The plant is preparing for serial production of a new universal mill-working machine and servicing wagons for tractor brigades.

BEGINS SERIAL PRODUCTION -- Kommunist Tadzhikistana, No 124, 26 Jun 49

The Kaniabadan Mechanized Foundry has begun the serial production of machines used for cutting cotton baling wire.

TO MAKE NEW PUMP FOR PRESSING PIPE -- Zarya Vostoka, No 129, 3 Jul 49

The Caucasus Trust for Sanitary Engineering Assembly Work is preparing for mass production of a gear pump for pressing high-pressure pipe. The pump is light and portable, and can press, at a pressure of 20 atmospheres, one kilometer of piping in 4 - 5 hours, instead of the usual 4 - 5 days.

LENINGRAD PLANT PRODUCES DIESELS -- Investiya, No 157, 5 Jul 49

The "Russkiy dizel'" Machine-Building Plant in Leningrad is preparing to produce new 400-horsepower Diesel engines for the river tugboats manufactured in the "Krasnoye Sormovo" Plant. During the third quarter the plant will begin organization of the production of new, more powerful Diesel engines.

TIRASPOL' PLANT COMPLETES 6-MONTH PLAN -- Sovetskaya Moldaviya, No 121, 19 Jun 49

The Tiraspol' Mechanized Plant completed its 6-month production plan today. It has pledged to complete its year plan on the production of internal combustion engines, pumps, and grape presses by 12 October. Since its reconstruction, the plant has produced about 1,000 various pumps, 100 stone-cutting and drilling machines, and thousands of spare parts for agricultural machines and tractors, as well as many other products.

Sovetskaya Moldaviya, No 124, 23 Jun 49

The Tiraspol' Mechanized Plant imeni Kirov makes spare parts, including bearings, bevel gears, drive wheels for reapers, and bearing bushes, for harvesting machines. In all the plant makes 39 types of parts.
